

# *The Place Where I Practice Sports*

My name is Jakub Klus I have been playing handball for 5 years. We have trainings 5 times a week and we have matches on weekends.

We carry out trainings in the halls, whether it is summer or winter, we are almost always in the hall. When we don't have a free hall, which happens very often, we have to be outside.

There are quite a few places in my city where you can train handball, but there are not enough of them.

In my opinion, the old halls could be remodeled or repaired, and maybe I would have at least one multifunctional hall built.

Jakub Klus, I.ZL
